Kamview /Big Thunder Jackrabbits 2008 - 2009 Ski Season!

The Jackrabbit schedule for the entire season is listed but your leader will let you know when the on-snow sessions will start. Sessions may be cancelled because of lack of snow, poor conditions or extremely cold temperatures. As a general rule, sessions will be cancelled if temperatures (with wind chill) are below -20^{O}C. It is at the leader's discretion to hold a session or not. Older children may have a lesson when it has been cancelled for younger skiers. **It is your decision whether or not you come**. If in doubt please contact your leader. Sessions start at **10 am**. This is a very busy time at the ski centre, so try to get there a few minutes early so that you can be ready to go on time.

Schedule
